THE UNIVERSITY OF ALBERTA STAFF BULLETIN

EDMONTON 7, ALBERTA

MARCH 23, 1972

'DEAR SUBSCRIBER . . .

Error-prone computers are often enough to turn a once-happy subscriber into a devotee of the corner newsstand. Individual copies of newspapers and periodicals are a bit more expensive in the long run, but it beats trying to convince a computer that you really do live at the address you sent in and that you really aren't trying to cheat the publisher out of a measly \$3.97.

With that in mind, consider what EUGENE OLSON has to face every day. Mr. Olson is Head of the Periodicals Department of the University Library. This year, the library holds subscriptions to 15,000 publications. Of that number, 230 are newspapers and the remainder are periodicals. The total cost is about \$325,000.

The holdings in Periodicals have tripled in the past seven or eight years. Most of the subscriptions are ordered by library representatives and different teaching departments. Newspaper subscriptions cover a wide range of languages and political viewpoints, from the *Times of India* to *Georgia Straight*. The nucleus of the newspaper collection is in the Periodicals reading room in Cameron Library. In addition to receiving each issue of the newspapers, the department has about 40 active microfilm subscriptions for the newspapers for which there is frequent demand.

The library also purchases back files, non-current issues of magazines and journals, and reprinted editions.

Following up a request for information on Canada's history, Mr. Olson has been trying to build up a representative microfilm file of the news that was reported in various publications. He points out that the back files purchases, which include purchases in all fields and disciplines, have been an expensive undertaking, costing about \$1 million since 1965.

Occasionally, the department receives an institutional discount on a subscription, says Mr. Olson. "but more often than not, we are charged higher rates because the publishers figure we're causing them to lose sales by making the periodicals available at no cost to the user."

One of the disadvantages of having so many subscriptions is, of course, the computer problem.

"We have found that once a computer makes an address or billing mistake, it is almost

impossible to get it straightened around," says Mr. Olson. "We send out 600 to 800 pieces of mail each month, just to complain about service."

"We receive about 150,000 periodical issues each year, as well as an untold amount of junk mail that comes to us because we've been put on somebody's mailing list. It is difficult to sort, since some of it is mail that we want, and no one can do it better than a human being."

The Periodicals reading room is open from 8:30 a.m. to 10 p.m. Monday through Thursday, 8:30 a.m. to 6 p.m. Friday, and noon to 5 p.m. Saturday.

PHYSICAL PLANT SETS UP CONTROL CENTRE

From April 1, 1972 the Department of Physical Plant will have a Control Centre in operation in the Biological Sciences Building. This Centre will be directed by a Superintendent of Operations who will have a staff on duty 24 hours a day every day of the year.

Initially the Centre will continue manning the monitor and control system for the Biological Sciences Building, but it will also accept fire calls on the fire annunciator panel which has been moved from the Printing Services Building, as well as calls from annunciators reporting off-normal calls from such areas as Ellerslie, Edmonton Research Station, some science equipment in various campus buildings, and the underground services corridor. Elevators equipped with emergency telephones are directly connected to the Control Centre. Over the next year most major campus buildings will be connected to it. All major heating and ventilation equipment will then be monitored from there.

The Centre will accept emergency calls pertaining to plant operation and take whatever action is required for each situation. It has the capability of calling personnel by telephone, radio, and pocket pagers.

Control Centre operators will be in charge of off-hour watchmen who are on duty when buildings are normally closed and do not have caretakers in attendance.

Calls relating to building problems, other than security, are to be directed to the Control Centre, telephone 1212. During normal

daytime hours the Physical Plant Maintenance Section may be reached on the same number. Security problems should continue to be telephoned to the Campus Security Force at 5252.

PHYSICAL EDUCATION GROUP TO VISIT CHINA

The Chinese Embassy in Ottawa has recently given members of the Department of Physical Education permission to arrange a tour of educational, sport, and physical education programs and facilities in China. The group, which has been restricted to a maximum of 25 people, will leave in early May and return on June 1. Plans at present call for a 21 day visit in the People's Republic of China, a 5 day stop in Japan, and 3 days in Honolulu.

ROBERT G. GLASSFORD, Acting Chairman of the Department of Physical Education, says that to his knowledge, this is one of the first groups of physical educators who have been granted permission to tour China, and he hopes that the visit will provide an insight into their programs of industrial recreation, national sport organizations, and school physical education.

BOREAL INSTITUTE AWARDS GRANTS

The Boreal Institute for Northern Studies has announced that the following grants-in-aid for research have been awarded. The grants were made possible by funds received from the federal Department of Indian Affairs and Northern Development.

The University of Alberta. J. BELICEK, F. E. GOULET, H. GOULET, (Entomology); D. M. DICKINSON, D. N. GALLAP, R. HOBBS, P. F. LAMOTHE, J. S. NELSON, (Zoology); R. C. FOX, J. V. MATTHEWS, JR., P. A. NIELSEN, (Geology); R. G. GLASSFORD, H. A. SCOTT, (Physical Education); M. HICKMAN, (Botany); S. RICHMOND, (Anthropology); J. B. WIGHT, (Geography).

The University of Calgary. B. I. CHI, (Geology); H. R. KROUSE, (Physics); B. R. MC MAHON, (Biology).

Grande Prairie Regional College. F. KOZAR, (Liberal Education).

TECHNICAL SERVICES

Servicing of Balances. The Microscope Repair Division is now prepared to provide a maintenance service on balances. The training received to date has been only on "Mettler" balances, but "Sartorius" and other makes can be serviced as well. For more information call R. J. (BOB) CUNNINGHAM at 432-4901.

Servicing of equipment. A considerable number of departments are now having equipment serviced on a contract basis by the Electronics Division, Office Equipment Repair Division, or Microscope Repair Division. The contract concept is one by which a particular piece of equipment will be serviced for so many dollars per year, generally at about half the cost of the contracts available from suppliers. Service contracts have been well accepted. Those interested should contact J. G. A. BRUGMAN, Supervisor, Electronics; R. R. REEDER, Supervisor, Office Equipment Repair, R. J. CUNNINGHAM, Supervisor of Microscope Repair, or W. H. JOPLING, Co-ordinator of Technical Services.

Beckman Dynagraph for sale or trade. A "Beckman" Dynagraph, model RS is available for sale or trade. For further information call W. H. JOPLING, 432-3302.

BOOKS

Publishing in Canada, the proceedings of the Institute on Publishing in Canada, held at the University in June, 1971, has just been issued. Copies are available through the School of Library Science for \$2 each. *Publishing in Canada* contains the texts of the speeches which were presented and summaries of the question periods.

PEOPLE

■ M. A. AFFLECK, Associate Professor of Elementary Education, led a full-day convention for members of the Edmonton Kindergarten Teachers' Association under the theme "Learning environments for young children." Dr. Affleck was assisted by the Ed.CI 504 class who are studying Early Childhood Education. A film, *Primary education in England* was followed by a panel discussion. MRS. JOYCE THAIN and MRS. PEARL TURNER were among panel members. The sessions which attempted to create the ideal environment were led by MISS RUBY YORKE and MISS LAEKA PIYA-AJARIYA in Language Arts; by MRS. THAIN in Creative Art; by MRS. CAROL CALDER in The Emotional Development in Early Childhood; by PERRY PLESTER in Science for Young Children; and by MRS. TURNER in Creative Drama in the Kindergarten.

■ RUSSELL S. MAC ARTHUR, Professor of Educational Psychology, was invited speaker and panelist at a symposium entitled "Psychological Testing in Indian Communities," organized by the Division of Social Sciences of the University of Saskatchewan, Regina Campus.

■ MANOLY R. LUPUI, Professor of Canadian Educational History in the Department of Educational Foundations, presented a paper entitled "The Ukrainian Canadians: their precarious situation today" to a seminar of the Harvard University Committee on Ukrainian Studies, in Cambridge, Massachusetts.

■ Y. TAKAHASHI, Director of the Theoretical Physics Institute, has been invited to give a seminar at the University of Wisconsin, Milwaukee, entitled "Symmetry Principles in Physics."

■ D. D. BETTS of the Theoretical Physics Institute and Department of Physics, gave a seminar at Massachusetts Institute of Technology entitled "Lattice-lattice scaling in the critical region."

■ GUGLIELMO MARIN of the Laboratory of Molecular Embryology in Naples is visiting the Department of Genetics for the months of March and April. Between 1963 and 1969 Dr. Marin worked with Professor BUZZATI-TRAVERSO at the International Laboratory of Genetics and Biophysics, during which time the Laboratory produced a number of great experiments in molecular biology, such as the establishment of nucleoli as the site of ribosome formation, circular incorporation of viruses into chromosomes, the resolution of DNA into two strands, and the discovery that only one strand is transcribed into RNA. Dr. Marin's principal contributions were in the field of the genetics of response of mammalian cells to viruses. With the current realization that many types of cancer in mammals are caused by viruses,

his field of study has taken on a new significance.

■ B. Y. CARD, Professor of Educational Foundations, was invited by the Social Science Research Council of Canada to take part in a special meeting of the Committee on International Scholarly Relations with GENE LYONS, Director of the Department of Social Sciences of the UNESCO Secretariat in Paris. One purpose of the meeting was to discuss an empirical study of sociology in UNESCO recently completed by Dr. Card. The SSRC also appointed Dr. Card as an official representative to the Annual Meeting of the Canadian Commission for UNESCO.

VISITORS

■ Visiting speakers to the Department of Physics recently were I. GIAVER of General Electric, Schenectady, New York; THOMAS B. CLEGG of the University of North Carolina; and E. C. G. SUDARSHAN of the Centre for Particle Theory (CPT), The University of Texas at Austin.

■ Colloquia in the Department of Mathematics were given by M. MOTOO of the Courant Institute of Mathematical Sciences, and P. M. ANSELONE of Oregon State University.

NOTICES

BOOKSTORE CLOSED FOR INVENTORY

The University Bookstore will be closed from 5 p.m. March 28 until 9 a.m. on April 3. The inventory will be taken on March 29 and 30, and the store will be closed on March 31, Good Friday.

ACADEMIC PENSION PLAN—MARCH 31 DEADLINE

Academic staff members who have any period of full-time service prior to August 1, 1964 either at this University or The University of Calgary which has not been established as pensionable service have until March 31, 1972 to elect to establish such period as pensionable service under the terms of the Academic Pension Plan. Generally any period for which no contributions were made to the former Retirement System of The University of Alberta may qualify if it was full-time service including periods of leave with or without pay within certain limitations.

Staff members who have not yet taken advantage of these provisions are reminded that the option to do so expires March 31, 1972. Note that the deadline pertains to the election only and if there is any doubt as to the eligibility of any service you should consider making the election pending clarification.

During March the Department of Music, in association with the Department of Drama, staged its first operatic productions. For most of the staff and students, the preparation of the two one-act operas, *Riders to the Sea* and *A Game of Chance*, was an extra-curricular activity. In *A Game of Chance* (ABOVE) (left to right) AUDREY OLSEN, JACQUELINE PREUSS, and IRIS FRASER; and at RIGHT (left to right): KATHY PERRI, TED STEBBING and BARBARA PROWSE.

For further information and election forms call the Pension Plans Division, Office of the Comptroller, Room 128 Administration Building, telephone 432-4756.

RADIATION SAFETY COURSES

The Radiation Control Committee is planning on holding a series of Radiation Safety Courses for individuals using or planning to use radioactive materials at The University of Alberta.

Initially, the committee will be giving courses for the certification of laboratory technicians in the safe use of radioactive materials in the laboratory. At a later date, courses will also be offered for graduate students, faculty, and other interested individuals.

Starting on April 10, 1972, the committee will be giving the first Radiation Safety Course for technicians. The course will consist of either morning or afternoon lectures given over a period of six days. Enrolment in the courses will be restricted to fifteen persons; subsequent courses being held whenever the demand arises.

Interested individuals can obtain course

registration forms from S. E. HUNT, Radiation Protection Supervisor, by telephoning 432-5655. There will be a fee of \$1 per course participant to cover the cost of training manuals.

DIRECTOR REQUIRED FOR UNIVERSITY CENTRE, CALGARY

The University of Calgary is seeking a Director for its University Centre, MacEwan Hall. MacEwan Hall was opened in November 1967 and its facilities are available to any member of the University community. Its objectives are the provision of cultural, educational, and recreational opportunities for that community and bridging the gaps which exist among its various constituents. Physically, the present facility encloses 103,000 square feet with expansion planned in the near future.

Applicants should have university or professional experience, preferably at a master's degree level. They should possess administrative skills and experience in the management of permanent and part-time staff, financial control, and program planning and development.

The appointment will be available June 1, 1972 at a salary commensurate with

experience and ability. All applications will be held in strictest confidence. A brief resume and statement of salary expectations should be sent to JACK COLCLOUGH, Chairman, Director Selection Committee, Room 206, MacEwan Hall, The University of Calgary, before April 10.

NOMINATIONS INVITED FOR NATIONAL AWARDS

Since 1951 the Board of Governors at The University of Alberta has offered national awards to Canadians who have made distinguished contributions over a period of time to the development of Letters, Music, and Painting and the Related Arts in Canada.

The awards, in the form of gold medals, are presented to the recipients at the Banff School of Fine Arts late in July as part of the Scholarship Night ceremonies.

Originally awards were offered annually in all three fields. Since 1961, however, the awards have been rotated annually through Music, Letters, and Art.

Previous recipients of the award are: 1951, A. Y. JACKSON; 1952, FRED HAINES; 1953, ARTHUR LISMER; 1954, FRANCES LORING; 1955, DONALD WILLIAM BUCHANAN; 1956, ERIC

ROSS ARTHUR; 1957, ALFRED JOSEPH CASSON; 1958, ELIZABETH WYN WOOD; 1959, ALFRED PELLAN; 1960, The Right Honourable VINCENT MASSEY; 1963, C. F. COMFORT; 1966, H. G. GLYDE; 1969, JACK SHADBOLT.

This year's award will be in Painting and the Related Arts. Interested members of the University community are invited to suggest possible recipients of the award to NORMAN YATES, Associate Professor of Art and Design, who is chairman of the selection committee; telephone 432-4007.

CROSS CULTURAL LEARNER CENTRE

A "cross cultural learner centre" has been developed by Canadian University Service Overseas (CUSO) and the Office of International Education at the University of Western Ontario. It is now making a tour of Canada sponsored jointly by CUSO and the Canadian International Development Agency (CIDA) with the co-operation of local community groups. It will be coming to the Kinsmen Centre in Calgary in May.

A learner centre is a multi-media, computer-assisted information retrieval and problem-solving system providing a learner-centred environment. Information is available in a variety of forms, such as films, slide-sound shows, books, and videotapes. This centre includes material about the various countries and cultures of Africa and the Caribbean, as well as resources on Native Peoples and Blacks in Canada.

A group from Edmonton will be going down to Calgary to use this centre on the weekend of May 7. Anyone who might wish to join the car-pool is invited to telephone the Foreign Student Office at 432-4145.

INTERNATIONAL STUDENTS' COMMITTEE

Nominations are being sought for the positions of chairman, secretary-treasurer, editor, social co-ordinator, and host-family co-ordinator of the International Students' Committee.

This past year the committee organized a week-long orientation program for incoming foreign students; a Rotary dinner and dance for over 300 students (free) and 100 Rotarian families; host-family programs for promoting communication between Edmontonians and foreign students; International Week, a program of international awareness through music and dance in national costume, and the publication of newsletters and a housing guide.

To continue these activities in the coming year, perhaps with wider coverage, students are asked to participate in the committee and nominate persons for the above positions before March 31. Nominations should be made in writing to the Foreign Student Office, 2-5 University Hall, telephone 4145.

NEW GSA EXECUTIVE

At the annual election meeting of the Graduate Students' Association held on March 14, 1972, the new executive for the 1972-73 term were elected. They are: President, MOHAMED ALI ADAM (Law); Vice-President, External, PAT ROMANS (Genetics); Vice-President, Internal, FRANCIS MACRI (Comparative Literature); Secretary, PETER FLYNN (Chemical and Petroleum Engineering); Treasurer, MOSES KIGGUNDU (Business Administration and Commerce); Without Portfolio, DAVID MC MURRAY (Comparative Literature) and SAM MATTAR (Civil Engineering).

CO-ORDINATORS REQUIRED

A full-time and a part-time co-ordinator are required for one month, August 15 to September 15, for the reception and orientation of foreign students. Interested applicants may inquire at the Foreign Student Office, 2-5 University Hall, 432-4145. Interviews will take place in early April.

OPPORTUNITIES IN THE PENITENTIARY SERVICES

The Canadian Penitentiary Services are in an accelerated phase of change. Evaluation of programs, and involvement with individuals, both staff and inmates, are highlights in a new Canadian penal approach to attitude change and social development. To achieve success, energetic, responsible, committed people who are well-trained in the behavioural sciences are required.

Openings for those with a bachelor's degree with a psychology major are available as Classification Officers, (group leaders, case managers, prime therapists). The salary range is from \$7,500 to \$12,000 and the maximum is usually attainable within 4 to 5 years.

Those who have completed master's and doctoral degrees are hired as psychologists and offered between \$10,000 and \$18,000 depending on training and experience.

Positions are available throughout Canada. For further information, write to: M. J. NOLAN, Director, Classification and Psychological Services, Canadian Penitentiary Services, c/o 340 Laurier Avenue, Room 436-B, Ottawa KIA OP9.

ART AND ANTIQUE AUCTION

The Edmonton Opera Guild's Annual Art and Antique Auction will take place March 27 at 7:30 p.m. in the Klondike Room on the third floor of the Chateau Lacombe. The public is welcome to preview items from 11 a.m. to 7 p.m. the same day. Admission is by catalogue, available at the door for \$1.

The antiques are by Townsend Antiques, and the Jacox Galleries are providing the paintings by such Canadian artists as Jean Paul Riopelle, W. R. Stevens, Ernestine Tahedl, Vincent Thomas and others.
